Ban Johnson Raps C. Webb Murphy; Federals After New York Park

American League Chieftain Says Cubs' Boss Must Behave or Get Out.

BOSTON WANTS EVERS

Special to The Washington Herald.
New York, Feb. 12.—Charles Murphy will not be allowed to pull organized baseball down about his ears. His personal animosities will not be permitted to drive such players as Evers from the fold. The national commission has been vested in absolute authority. It could, if so inclined, remove any objectionable character he be player or club-owner. And if it had had any way Murphy would have been there. The owner of the Cubs will have to behave or get out.

Thus Ban Johnson expressed himself today on the latest complication of Federal League activity. For the Federal League, which is the enemy of the National League, established in the Waldorf-Astoria, and carried off Evers from under the very noses of the Tenor Leagues. At one time it was reported that Evers had signed with his former club, the Cubs, for \$25,000. Both parties later denied that negotiations had proceeded that far.

"I have agreed to consult with Mr. Gaffney and his lawyers tomorrow," said Evers. "I shall certainly keep my word. And whether or not I am a free agent, as I maintain, I shall do business with nobody until after I have had an audience with the owner of the Braves." Gaffney, Stalling and Evers were closed at midnight tonight.

Gilmore Comes Out.
"Absurd," declared President Gilmore, of the Federals, when asked if it were true that Tinker had been flirting with Evers. "I have never set foot for tampering with any players under contract. Unless Evers can prove himself a free agent our league will make no offer. I should like to see Johnnie with us, of course, but even for a man of his recognized worth we would not alter the policy we have pursued since the start."

Murphy, as it was reported, was the object of bitter attack of the National committee meeting during the afternoon. The triumvirate which has supreme power in dealing with players, and organized baseball went on record as favorable to the transfer of Evers to Boston. This deal has been held up by the Trojan's refusal to allow Murphy to profit in the exchange of players. The commission today decided that it would force Murphy to exchange the veteran second baseman to Boston at terms satisfactory to the little Trojan.

In other words, he will stage the bouts or not some time this week.

Manager Peck.
Pinera is a neatly put up chap and said to be very fast. Louis Montana, the popular Italian grappier, says that Pinera is one of the best 145-pound grappiers in the game. Manager Peck will in other words be likely make a decision as to whether he will stage the bouts or not some time this week.

Tex Selman Training.
Par Bout at Ardmore with Jimmy Dunn February 23.

Tex Selman, formerly of Texas, but who now resides in this city, has been working for the past few days getting into good condition for his bout with either Jimmy Dunn, the clever and hard-hitting Philadelphia lad, or Young Henry, of Brooklyn. Manager Phillips, of the Ardmore Club, is negotiating with Dunn to regard to this bout, and expects to hear from him some time today. Selman has already posted his forfeit for weight and appearance with the club.

The club will stage two all-star bouts, with Willie Reising, better known as Country Kid, meeting Mugger McGraw in the ten-round fight. Selman and Dunn will go fifteen rounds. Manager Phillips expects to have the entire card arranged by the afternoon.

GILMORE IS SILENT

Special to The Washington Herald.
New York, Feb. 12.—The real object of the Federal League in meeting here this week was to plan an immediate attack on Greater New York territory. The promoters admitted that they had designs upon a site somewhere in the immediate vicinity of this town. Many rumors were connected with the project. But I think organized baseball does not now regard us in any manner of a joke.

"I have nothing to say on the matter just now," said Gilmore, "but I predict that within a few days we will be able to release a piece of news that will knock organized baseball on the flat of its back from sheer surprise. Of course we are not looking for trouble. We'll go along about our own business. But I think organized baseball does not now regard us in any manner of a joke."

Knabe and Tinker Shave.
The appearance of Knabe and Tinker in the hall of the National League was one of the sensations of the week. Immediately all the saloons of the standardized breed of National League were overlooked. The National League was holding a meeting at the time, and Charles H. Ebbets was not on hand to meet his recalcitrant short stop. Ebbets, however, still declared he was of the opinion that Joseph Tinker would recant.

President David L. Pultz, of the baseball players' fraternity, addressed a joint conference of the national commission and National Association. He is reported to have agreed to endorse the reserve clause of organized baseball. The scheme is to bar automatically from the association any player who disregarded reserve. The penalty for disobedience in this line is to be suspension from organized baseball for three years.
